“ What can i say about a friend?I can say that i loved him, i have known him since before i ever went to Thornwell Elementary school(Calhoun Street).My Mama cuy my butt more times than i care to remember because the bond that Coon, Johnny, Denny and myself had.We cared for each other as strong as anyone could care for another person.Although later we all drifted, i did get to talk with Coon a few weeks before he passed. It had been a few years since we had talked but i was so happy that we had connected again..At the end of the conversation we both said to each other "I Love You Man"..i meant it then, i meant it 30 years ago, and God knows i mean it now."I love You Man"...and i knew Coon meant it to
