“ I worked with Farrell at Domtar for years. We enjoyed each others company during our daily lunch hour work outs in the company gym. He left me many days sprawled out on the floor after intense session of P90X Plyometrics. Good times! Farrell was my inspiration to loose a lot of weight and get fit at the age of 55. He encouraged me daily to stick with it and was always kind and helpful to this old man. Out first OCR was the Florence O-Run, he could have left us in the dust but stuck together until we all finished. That OCR eventually led to Spartan Runs which became the reward for all of the hours of hard work. I never hesitated to ask Farrell dumb questions weather related to work issues or health improvement issues and he never once made me feel any less for doing so.Heaven now has the best Fitness Instructor / Personal Trainer it could ever have!  
My prayers go out to the family during this difficult time but please know that he helped me to make a positive change in the direction my life.

“ I met Farrell aka F3 Waterbug while he was in Greenville. Once I realized he was from Hartsville I couldn't believe it. Men were actually working out in Hartsville! He said it was a huge F3 group and I had to check it out for myself as I am a Hartsville original. We became friends and ran several races together with The Falcon being the race we won together. I know he will be missed and I am sorry for your loss. He was a friend and a brother and a leader and I'm sure a great husband and father. This world needs more men like Farrell. Please let his F3 community know if there is anything we can do to help. See You in the Gloom again one day brother.
