“ Larry, while on Earth Barbara was always shining her light for others when they needed it most. She always had a way to uplift someone when they felt as though they were carrying the world on their shoulders. You were her rock, her love and heaven on earth. Now she has the opportunity to shine her light from a very special place in heaven with those that have gone before her on those of us left here. I pray that you will let the warmth of that light comfort you. Remember she is always with you each and every step you take, loving you and wishing you well. RNP is a much better place because of her and the many people she worked with, me included. May God comfort you and your family, provide you strength and peace.
