“ *Marty was such a kind person. He was a huge help to our organization, while Erika worked with us, in building multiple projects (a gingerbread house for our Christmas float one year, a 5k starter/finish line, a ball toss, a color wheel for prizes, etc). He also would help work our booths at community events and used his truck for alot of moving. Marty was/is one of the kindest people I've ever known and he dedicated a ton of his time in helping our organization. He is missed greatly by me and everyone who knew him.*

“ A true warrior who batted to the very end and had won the battle! The victory belongs to our Lord! Marty was a very positive person and a good friend to all! Strike up the band, assemble the choir, another soldiers coming home, He'll battle no more, he's won the war, another soldier of the Lords has come home! Erika, Jenny and I will continue to pray for you and your family as we rejoice that Marty suffering is over and he waits to see us all in Gods new heaven.

“ My heart goes out to Erika, friends and family. I will forever remember Marty as one of the strongest men I have ever known. He truly had a heart of gold and loved with his whole heart. I do not remember many times that he didn't have a smile on his face. Gone here on earth but never from our hearts. Easy easy Marty. ❤️

“ There is so much I could say about the brief connection I had with Marty. When I was acting Parks and Recreation Director, Marty had been working with us for about a year. At the time I did not apply for the job full-time, but the county administrator asked for a reference on Marty. I wholeheartedly said, "Marty would do a great job"! because he had already impressed me. So one day I'm his boss, the next day he's mine. That should tell you a lot of how I felt about him. I voted for him to be my boss. He was a go-getter and worked diligently to make things better for the citizens of Darlington County. He had so many different talents; even helped me build a barn, put up a pasture fence and helped my daughter bring her first horse all the way from York to Dovesville. He also took the time to help her work with her horse.

When Marty first started as the Parks and Recreation Director he was asked to speak at a Civic club meeting, not something that was up his alley, but he knew it would become part of his job expectations. He asked me to attend so I could "critique" him...lol. After he finished he asked me how he did. I said Marty, "your topic was well thought out and you captured the audience's attention. However, there was one thing you might want to work on...you said uhm 266 times." His eyes got big and he asked "Really"? I showed him where I had taken tally marks. The next time he spoke, he did not "uhm" once.

Once I was passing a kidney stone at work and Mr. "manly" was poking fun saying things like "quit being such a wimp". I said, "Marty, I hope this never happens to you". He called me several years later to apologize because unfortunately he had to deal with one himself.

This is tough...no doubt about it. I believe Marty's heart was right with Jesus and so there is comfort in knowing he is a lot better off than we are.

Cherish every moment of life. No matter how long or short life is for

*you, make a wholesome imprint where you go. Most importantly, if you do not know Jesus Christ as your Lord and Savior, seek Him out...He is ready to take you in His arms and save you from your sins. Don't let another day slip by without getting to know Him.*
