“ We knew Dr. Gant as a friend, not as a physician. He was unfailingly polite and was able to converse on many classical and current topics, partly because of his traveling experiences and his widespread interests. Unfortunately, in recent years we lost contact.

*Dr. Gant was a brilliant doctor. He was gentle, straightforward and compassionate. He taught me about caring for the “older generation.” He was awesome.

I love this man. He was the kindest, most compassionate MD I ever had the pleasure of working with. His love of his patients was so genuine and he never considered the elderly as unproductive but fantastic. He treated his patients with respect and always had time to listen to them. God bless you Dr. D. from your old ice cream buddy Dale Hill.
