“ I remember when we were kids David use to drive he's four wheeler all the way from Pete and Debbie's house to the fire tower to come hangout with me and my sister all day. He would leave in just enough time to get home before dark. That's when this great friendship blossomed. Then 1000's of great memories followed. I will all ways hold my memories and your friendship near and dear to my heart! Thank you for being my true friend for life. I will miss you greatly but I will see you again!

“ Mr. Pete, Mrs. Debbie, Jeff & all family. I am so sorry to hear about David. I was just telling some people I am stationed with here in Korea last week that Jeff use to come by, pick me up and take me to the farm where Him, David, Mr. Pete would take up time with me when I was a kid. Y'all were more like big brothers than friends to me and it meant the world to a young kid that grew up without a father. A lot of people around home stepped in to fill that missing void for me and you my friends helped out like non others could; Jeff and David, it may not have seemed like a lot but I promise you that it meant the world for me. I am so sorry to hear about your loss and I have already sent out my prayers. My thought and condolences are with you and just know that every time I get a chance to come home, one of my huge highlights has always been getting a chance to catch up with David. That's a memory that will never be replaced.
