“ *Mom was such a wonderful woman. She had such deep and genuine love for her family. She had such a warm and big smile and her eyes lit up every time she saw your loved ones. The only thing that ever mattered to her was family. I know she is looking down wanting the family and loved ones to live on with an abundance of love between everyone of us. We will see you again some day. You will never be forgotten. We love you, I love you. Thank you for being you always. You will always hold such a dear place in my heart. Kayla, me, and the kids will miss you and we love you circles never ending.*
