“ *Ethel and Allen shared a passion for gardening. I affectionately referred to them as “my flower children”. No matter the occasion (or none at all) you could expect to be cheered by their bouquets or shared produce. They were happiest when tending their large yard, which I dubbed their botanical gardens. And they were always generous with their hospitality to share their home and gardens with others.*

“ *Aunt Ethel was a sweet, full of life lady who was such fun to be around. She always seemed to have a smile on her face, even though she had seen more than her share of grief. She was always genuinely interested in the person with whom she was talking, asking questions about them. She was one of a kind and will be missed. Oh, that smile and that laugh!*

*So glad I had the opportunity to get to know her. She was one of a kind and I fell in love with her right away! I loved to see her smile.*
