“ I had the privilege of knowing Mr. Gene since 2013 when I started dating his grandson Ethan. Mr. Gene always made me feel welcomed and at home when I was around him. It didn't take me long to start calling Mr. Gene Pa. He never let me leave without giving him a hug and told me he loved me with every hug goodbye. He always asked how my family was doing and how work was going and always said your welcome to come back anytime. Pa Gene was a wonderful man and I looked forward to my visits to see him even if they weren't that often. One of my favorite memories was going to church with him near his birthday last year and we went and ate at the BQQ place down the street and he talked about how good the food was and how happy he was that we came. Pa Gene may not have been blood but he was family to me. An now I have the honor of marrying his grandson next year who is a spitting image of him. Granny Kat, Roscoe Children, Great Grandchildren, My heart is broken for every single one of you. I love you all. Please let me know if there is anything I can do.
