“ I have never really understood it when I would hear other girls talk about how they didn't like or get along with their in laws. Gene was like my mother. She never treated me any different than her own. She was the best mother and mother in law a girl could ever want. She will be missed terribly. She was everyone's rock. Love you my beautiful mother in law. Until I get to see you again. I know you are happy being able to see the ones your heart ached for because you missed them so much. I love you. Shelley

“ I love you Mom,you were our heart,our rock.I don't know how we are gonna make it without you but I know you will still be looking out for us,and still guide us the right way,the way you always have and send your love the way you always have.You told us as you have always said you believed in The Lord to bring you through the difficult times,but he thought you had been through enough and you were tired so he took you home with him so you could rest, and walk without struggling for your breath.I know he knew best ,but I wish we could have kept you a little longer.You were the best Mother beautiful on the inside and out.I was so proud you were my Mother.I love you..your oldest ,Betty....
