“ *Becky, I am so saddened to hear that the earth will no longer ring with Harry's laughter. He was so genuine and full of fun you couldn't help but fall in love with him. He was a wonderful addition to the Young family. I always looked forward to spending time with him at the reunions. You were blessed to have him in your life and he to have you. I am so sorry for your loss. Hug your children for me and have them return the hug back to you from me. I am very sorry I did not learn of his passing sooner. I would have tried to be there with you. Please know I am with you now in thoughts and prayers. Let me know if there is ever anything I can do for you. Lots of love!*

“ *To the Walden Family:*

I wish to express my deepest sympathy in your time of loss. I have fond memories of Harry during our years of interaction at Sutton Plant. I didn't see him much after leaving there, but was fortunate during one of my last visits to the site to catch him there. He was indeed one of a kind, and always brought a smile with his "serious" humor. We had many lunches together and were fortunate to share a number of laughs. Thank you all for sharing him with us! Blessings to each of you.

“ I didn't know Harry personally but my dad did. They were best friends. My mom ran across a paper my dad wrote about Harry in the 2nd grade. I am going to post it here just as my dad wrote.

Goodbye My Friend

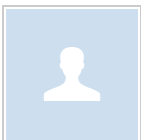

My Friend

I know a little boy of whom I am very fond. He comes to my house asking if I can come to play with him. He has red hair, a freckled face, his name is Harry Waldon. He likes to do everything I do. He is in the 2nd grade. We play football, baseball, kickball, basketball, chase, calboys, army men, and sometimes we go swimming because there is a lake near our community. Sometimes I help him with his homework. We go to the show and walk around up town. He has a little race car set we play with. He has a nice mother and father, he has a older brother and a older sister.

I save him a sit on the bus everyday. Sometimes I make him think I mad at him, he calls mr up own the phone and ask if I am mad at him. I make him think he is very strong when we play football. He is one of my best friends and I like him very much.

Good bye Harry we will miss you so much but you are in heaven watching over all of us.##imported-begin##Jelenna Griggs##imported-end##

“ I worked with Harry for years on projects at Sutton Plant. From the very first day I met him you could tell this was not your average Joe. Harry had a love of life and sense of humor to keep you going. He was a character with a capital "T". His distinctive voice and big smile were what you learned to expect from Harry. He spoke of family with affection and you could tell his family was the most important thing to him on earth. Harry's thoughts matured during the years I knew him and many times he shared his love for the Lord with me. I considered Harry a friend, co-worker and character and will surely miss him. Becky, may God Bless and be with and the rest of the family during this time. You and yours are in my prayers.##imported-begin##James Lewis##imported-end##

Everytime that our paths crossed he would catch me up on what was going on with you, Josh, Dusty and Rudy. He was very proud of his family and he truly appreciated all that you took on to keep everyone happy and the way you made it look easy even though he knew it wasn't. He always said, "I love that girl and she needs an extra star in her crown!" The best part of that is, he really meant it. Harry was such a part of our lives at Sutton Plant for many years and we have lots of memories that will make us laugh, because we know that is what he would want.
