“ Jim was part of my department for several years. He was a hard working, dedicated and conscious person. We had a rats nest of cables connecting terminals all over the home office and Jim knew where everyone of those went. If there where any problems Jim knew how to fix them. Sorry to hear about your loss. I know that he loved his motorcycple. I hope your memories comfort you in the years ahead.

“ Jimmy will be missed by many. He was a good friend who had an awesome work ethic and always tried to do his best to go the extra mile. I will always hold dear, the memories of the times we had together laughing and learning, and enjoying life. We'll be reunited one day, this is just the part of time where we are away from him.
