“ *I attended Bennettsville High School with John. Although we didn't stay in contact after graduation, I considered him a good friend then and have good memories of our times together as students. I always knew he would do good things with his life. I was sorry to hear of his passing, too soon for someone with so much to offer.*

*I have known John for less than a year, but it feels like much longer. We were in same class of the new leadership academy. We spoke at length during our training session in Irvine in March 2017-about teaching, learning, religion, philosophy and more. John was an thoughtful, inspiring and gentle person, and a good friend after our conversation. I am deeply saddened to read about his passing away. My thoughts are with John's family,especially his mother, who he spoke about a lot.*

“ I am deeply saddened by the untimely demise of John Foster III, who made such valuable contributions to our work at the New Leadership Academy (NLA). He was as kind as he was thoughtful, as inquisitive as he was attentive, never afraid to face difficult questions, or to share what he knew with his colleagues. His advisors, of which I was one, saw in him a true servant leader, and we knew he had yet a lot to contribute. May his memory inspire his many friends and colleagues, and console his dear mother.
