“ *Dad, I had to write this to tell you and everyone else how much I loved you. I miss you so much. My life will never be the same. We had grown so close in the last year with me living with you. You were a great friend to everyone. We never went anywhere where you did not know someone. You loved people and tried to help anyone in need. I am so proud to be your daughter. I have so many wonderful childhood memories. I could not have had a better childhood. You were always there for me when I needed you. You were one of the smartest people I have ever known. I always looked to you for help when I needed advice. I can not say how much I respected you. You and Mom were such good parents. I miss you so much. I can hardly stand it. The only thing that comforts me is that you are now with Mom. You really have not been happy since Mom passed away. I know you are so happy now. I am selfish and wish you were still here. Dad, what am I suppose to do now? You were always there for me. I keep wanting to pick up the phone and call you. I was loved by you, I have no doubt. It is a special feeling knowing you are truly loved, an unconditional love. I miss you. I look forward to the day I will see you again in Heaven. Our family will be together one day. That gives me hope. I love you. From your loving daughter.*

I can still remember when I was a young girl, and my Mom and Dad would take me to the dirt track races here in Hartsville on Saturday nights and would always pull for Johnnie. Then when I got older and married, my husband & I bought a little house on Cannon Drive. Johnnie and "Miss Peggy" lived at the end of the street, and were the best neighbors in the world. We both want to send our sincere sympathy to Johnnie's family. This was one of the best men we have ever had the honor of knowing. Love Tony and Cindy Thompson

“ *I knew Johnnie and Cherry Byrd when both worked for my father at Ballard Electric Co. on Carolina Avenue. My Dad trained them in repairing appliances and when they decided to start their own business, he gave them his blessing. I used to enjoy going into the TV repair room talking to Johnnie many times as a young fellow. He had a good sense of humor and good stories to tell. We missed them when they left but always remained friends.*

Goodbye long time friend. I will miss the long talks bout bees, cars, Obama, telling jokes and even getting the occasional nudge that I needed to get me back on the right path. You and Peg were like my second parents. No matter what I had to ask you would always listen and lend your advice. I am so thankful for the 20 years I have known you. If not for you I would not be where I am today. You have helped more people than you will ever know. I can only hope and try to be half the man you were. I never got to take you for a ride in the Boss that we talked about but I will drive it to your funeral in your honor. We love you Johnnie King and you will be deeply deeply missed.
