“ Julie,  
My thoughts and prayers are with you and your family during this impossibly difficult time. I fondly remember your dad as a kind and friendly gentleman. Upon first meeting him as a teenager in your living room, I vividly remember his saying to me that he was happy that you had a friend such as me. I still recall this as high compliment from a fine man. I hope to honor his memory by being a friend in the days to come. Sadly from my own experience, I can tell you that time itself does help a bit.  
My love,

“ Betty, our prayers will be with you and the family. We will miss Joe, he was a good neighbor to all of us. It was always an inspiration to drive by your place and see Joe out doing what he obviously enjoyed doing. The few times I would take the time and stop and talk, I was always greeted with a smile and "how are you doing".

*I didn't know your father personally but I know that he must have been a good man because of the way that you are and the devoted mom that you are to Samuel. I'm sure that your father must have been very proud of you and just know that he is now watching over you. You will be in my thoughts and prayers during this time of loss and may God be with you today, tomorrow and always.....*

“ Joe was a very caring, loving man who never said anything bad about anyone. He always had a smile on his handsome face. He and I worked together for almost 21 years. He called me his "Wonder Woman" and his "Office Wife". He and I shared many good times and laughs. He talked so much about his wife, Betty, his daughters, Beth, Kathy and Julie and his sister, Doris, and his grandchildren. It was obvious that he was proud of them and loved them all very much! Joe always spoke to everyone in the plant every morning! He would make sure he knew everyone's name. He carried a little piece of paper with all of the newer employees written on it and would refer to it. He would come in and ask me how to pronounce names if he wasn't sure. My thoughts and prayers go out to his precious family! Please know that Joe will be missed so much and will never be forgotten!! We were all blessed to have known this special man! We love you, Joe! Always, Debbie Weaver

“ Joe will truly be missed and I know that everyone that knew him is feeling the loss of an exceptional man. He was always the kind of guy that spoke softly and never had a harsh word to say. Amanda wrote on how Joe helped her in so many ways and I know that there are probably 50 more people who can say the same; he always looked at the girls in ABCO as if they could be his daughter and had a kind of gentleness when he explained things or advised them. There are so many wonderful things that made Joe, Joe and they just don't make great men like him anymore. They say that a little girl models her true love after her father and with that being said I know that his daughter had big shoes to fill to find one like him. His dedication to his family, faith, friends and work was unwavering; even if his office looked filing optional (but he still knew where everything was and could produce whatever you asked for as if it was just placed there). I will never forget how he took the time to remember the girls at holidays and would pass out little valentine boxes or candy canes or how if the ever so reserved Joe would be praised for how sweet he was he'd smile, turn red, look down at the ground and say almost under his breath "alright, you have a nice day now ok" and walking away still smiling. He was never the type of man to do things for praise or want anyone to make a big fuss over him but because he loved to give. He was a great reminder of how work came first but still remember that the people you work with are still people and it only takes a second to acknowledge that. To the family Betty & Julie my thoughts and prayers are with you during this difficult time but know that you are twice blessed- one for having the honor of sharing so many memories with him but also because you have one of the best angels looking over you now. In life he always worried about "his girls" and he will continue. He loved you very much and felt the same honor in sharing his life with you. I hope in heaven there is a big TV that plays his favorite memories over and over for him because to me I think that would be Joe's idea of heaven. God bless you Joe your memory will never die.

“ I worked with Mr. Joe for 12 years, and he was a father figure to me. He was always there for me no matter what. I can't count the times we laughed and cried together. His shoulder was my pillar of strength many days when it was hard for me to deal with life. I will miss him so much. It is hard to believe he is gone, but he will always be here with me and my family in spirit. God has a new angel and the sky has a new star to shine brightly over us. I love Mr. Joe and wish you were still here with me. Don't worry I will watch over Ms. Betty for you and keep her safe. Julie and Beth I am always here for you.
