“ My thoughts and prayers are with Mark’s family and friends. What a great person he was to work with. Almost every job I’ve ever had involved me handling the phone systems and he was always my contact person. He always showed up with a smile on his face and an answer to fix whatever we needed. RIP dear friend.

“ I am saddened to hear of Marks passing .I worked with him at ATT for many years.He was a great friend that always had something good to say about his fellow telco workers.He loved his family and often spoke of you when we were together playing golf or working on company projects.He had a great sense of humor and we often laughed out loud together.I know he will be missed,but I also can see that he left many great memories for his family .He was given many titles in life and work - like business technician,lineman,service tec,father,husband,son,but most of all to me...friend.
