“ *Judy was one of my favorite cousins. She spent a lot of time with us growing up and was always as source of fun. We laughed and joked most of the times also as we talked later in life as adults. I was so thrilled for her when she reunited with Randall but also deeply saddened when he suddenly passed away. At least that reunion let her know she was truly loved by him. Thank the Lord for that! Judy was a very hard working nurse who pushed herself even when she was failing in health. She also expressed much emotions when it came to her nephews and nieces, particularly the extra concern she always carried for Meredith after her leukemia diagnosis as a child. I remember well the personal sacrifices she made to lend a helping hand during those trying years. I trust they all felt the deep extent of this love. I did not talk much with her over the past couple years and regret this, but even when I did we always just naturally picked up where we left off. I will miss her but know she now is at peace.* ”

“ Howard & Family, So sorry to hear about Judy. She was a good friend and SUPER NURSE. She also loved her family. I can remember the many times she would share with me how happy she was during the holidays when all the family were together. She would tell me how she would help with the meal preparation. We would laugh when she told me how many times she washed those greens , making sure that they were good and clean !! Then she would tell me how happy she was during those visits when her nieces would come to her room , curl up on her bed and they would have girl talk. Sne talked about her nephews and her love for them . Then ..there was Jordon and his goon goon!!
Judy loved each of you in her own special way and she never hesitated when it came to sharing, caring, and devotion to her family. She is already missed. but Never forgotten.
Please know that you are in our prayers.
