“ Your mother and father were great friends of my parents, Mr. & Mrs. Loring Blackmon and spent many happy hours together fishing at Santee and doing wood working. It is so hard to lose your mother, but try to remember that now they are both together and with their many friends. Nothing can replace being able to hold her hand, but hold her close in your hearts

“ I worked with Mrs. Dunlap in the laboratory at Byerly in the 1970's. She was such a kind, loving and generous lady. One Christmas season, shortly after my husband walked out on me and our child, leaving only his financial obligations behind, Mrs. Dunlap handed me a Christmas card, but told me to open it in private. I went into the restroom, opened the card and found a sweet message along with a hundred dollar bill. In those days, that was enough for groceries for a few weeks for me and my daughter. She said that she and Mr. Dunlap just wanted to help a little, but they did not want anyone to know. It was our secret for many years, but I have never forgotten. She was a blessing to many!
