Kim was a beautiful person and lived her faith. I remember her as a true Christian who never hesitated to share her faith. Her work as a nurse was always with compassion. Thoughts and prayers to all.

“ *How is it that I never saw your wings
when you were here with me?
When you closed your eyes and soared
to the Heavens I could hear the
faint flutter of you wings as you left.
Your body no longer on this side
Your spirit here eternally I see your halo shine.
I close my eyes and see the multi-coloured wings
surround me in my saddest moments and my happiest times.
Sister my angel God has given you your assignment
always my sister forever my angel.
You fly into my dreams and when I am asleep
I feel your wings brush against my face wiping away
the tears I shed since I can no longer hold
you in my arms but in my heart.
You earned those wings dear sister
and you will always be my angel eternal. Rest in peace big sister
see you soon on the other side.love you from your baby sister Pam
and Roger*

“ I met this precious lady 25 years ago at my first nursing job at Sandhills Medical Foundation. She taught me so many things about nursing and life. We quickly became friends. I invited her to church. She was already a Christian. From then on we were family. She was such a faithful friend, always there for me, even in my darkest times. I'm so thankful for our long friendship. I'm also thankful that she loved my whole family, my parents, my children, my grandchildren, my niece and nephews, etc. She left nobody out. She had a big heart  of gold. She will be greatly missed, like her sweet Joseph. Please keep her husband and whole family in your prayers. They've been through a lot in such a short period of time. I'm praying for this sweet family for comfort. I love y'all Ronnie and Joseph. I've always heard a lot about her family in NC. She loved them so much. You all are in my prayers, family and friends. She's with her sweet boy walking the streets of gold and in the arms of Jesus. Last Tuesday our conversation was about Heaven and what it's gonna be like when we get there. She's there. Have the best time my dear friend. I love you so much!
