I grew up with Larry as teenager and always loved to watch him play the piano, especially the boogie-woogie. He played by ear, which I always thought that was amazing. He was a good person and my thoughts and prayers are with you right at this moment..

“ I know some of Larry's sisters might remember me, but I have never forgotten any of you. Larry was my first love and I loved him dearly when we were young and I hope he knew that I still loved him. To his children, Larry was a generous and loving individual who always had a way about him that pulled people to him. He was one of the greatest musicians I have ever heard and I hope that some of his children has his talent. God bless you all and may all your memories of him be a comfort to you.
