“ I had Miss Lillian as my math teacher in the 8th grade in Hartsville Jr. High School in 1954. She also taught my first cousin, Paula Ruth Smith Lowe, now deceased. When my grandmother Mattie Kirven Ballard passed away on Labor Day in 1954, she was the only one of my teachers who visited me and the family at Paula's home and expressed her sympathy to us. After that funeral service, she noticed how sad I was in class, still mourning. She asked me to stay after class a few minutes. I will never forget how she comforted me with her counseling and said she knew how much I missed my grandmother and was praying for my family. My class of 1959 always enjoyed seeing her and Hilda Bass, my 8th grade science teacher, come together to our class reunions. They were at our 45th reunion in 2004. Even then both ladies looked energetic and young. She loved everyone. I have a good photo of them at our reunion with Hal Littleton, student body president between them smiling. I hope to post it here. If anyone in the family want a copy of the picture, please email me at jballard107@aol.com. Give me your address and I will mail it to you. Jimmy Ballard

“ Two of my favorite sayings that stick with me today that I learned from Mrs. Galloway: "in just a moment or three", (I'd always heard it said "two") and, "Flattery will get you everywhere!" Mrs. Galloway was a dear. I loved her as my teacher.

God's blessing to me on this earth was being born into the Catoe blood line. Aunt Lillian was a big part of everything. Even though she & Uncle Ernest had further to drive, they always came on special occasions to celebrate with us. Even now, I have to say Thank You to Aunt Dianne. You kept family traditions going. All the Catoe family is blessed more than we realize because WE ARE FAMILY & WE ARE THERE FOR EACH OTHER . GOD BLESS AUNT LILLIAN'S SOUL AND LET HER REST IN PEACE.. until we meet again.

“ I loved Mrs. Galloway! When my Granny, Edith Evans Chapman (who taught with Mrs. Galloway at the Junior High) said she would not help with Geometry or Algebra III, she said you need to go see Mrs. Galloway. I did and visited her and Mr. Ernest each week for several years. What a precious couple. I know that she and Granny are rejoicing with each other in Heaven!

“ Ms. Galloway was a unique and amazing Math teacher. I would say she was one of the Best. She loved working in her yards and her love for her church was visible in many ways. Wish the young people of today could experience her classroom just 1 day. Rest in peace Ms. Galloway.

“*Mrs. Galloway was one of my all-time favorite teachers. No matter where you saw her, she always remembered our names. You could never "get away" with anything in her class. She loved to attend our class reunions and we loved for her to come. She will be missed by all her former students, especially those of us in the Class of 1961.*

“ *Mrs. Galloway was one of my favorite teachers. I was a math phob but she made math fun. But.... You could never fool Mrs. G. She had eyes in all sides of her head. If you were caught looking at a clock to gage how much time was left in class period... She would calmly clasp her hands, look in the opposite direction from the offending student and calmly say " just because I have 2 hands does not mean I am a clock". She then kept on with her lesson as if nothing had happened. She always got her point across in a clear manner, a calm voice and complete control and respect from her silly students. We will all remember her and bless her for lessons well taught.*
