“ Daphine and I have been more than friends for many years. There are so many memories that we shared. We once had what we called a block party and she brought her broccoli salad. I had never had it before, but it was delicious. We had such a great time that day. She loved her children and grandchildren more than life. She will always be loved and missed. She has done something we all have to do. She has a new body and is completely healed and breathing like a champ. Please keep her children, grandchildren and family in your prayers. This has been a very difficult time for everyone. I believe if she could tell everyone anything right now, she would say, “Be ready, we have sunshine always here in heaven and I want to you to make sure you are here with me someday.” Much love and prayers for her family!
