*Lib was my best friend throughout high school and boy did we share some great times together. I would often spend the night at her home which was always filled with music and laughter. Over the years we did not see each other often, our lives were so busy with our families. When we did talk it was catching up on events of our children's lives. She loved her children so much and speak about each one with so much love. I looked forward to getting her Christmas card each year because she always would write a beautiful letter about the past year events. She was funny and always added a touch of humor in all her notes. I never did get to meet Rick but know she thought the world of him. I am so grateful she had your love and support. To the entire family I am deeply sorry for your loss. I will never forget Lib she will always be in my heart. Toni Frazier Bolser*
