“ Barbara I’m sending my sincere condolences to you and your family. Mark as been since a dear friend for many years at Robinson. We shared a lot of laughs and what he would call serious talks/venting. He will truly be missed 🥹❤️

“ Barbara, so sorry to hear the passing of my friend Mark. He and I shared some great times together both during shared resourcing assignments and work issues as IST engineers but more importantly especially away from the plant world. Being at HNP, we always counted on each other as a sounding board with plant challenges. It was our friendship that I cherished most. His wit and quick ability to crack a joke to lighten up a moment was special. His love for his family and animals was obvious. He will be missed.

“ Mark was a very close friend growing up. There was a nice group of guys that were all friends. I recall Mark moving to Bellefontaine as a youngster. I had a path worn between our homes, as I'd often spend time with Mark in his neighborhood. I recall Mark moving away in High School and we lost touch. Fond memories for sure. So sorry for your loss! Hugs to the family!

“ Barbara and Adam - my most heartfelt condolences. I am praying for comfort and peace for you and your family.

*As for Mark, I love you and I will miss you pal. You are were a great friend.*

*Thanks for being there for me during my car accident and my divorce. So grateful that Greg, you, and I (the 3 Stooges) spent time together at Nags Head last summer. The practical jokes and side-splitting laughs the three of us had at and away from work are fond memories. You made work bearable. Surely I will never hear, "The Lions are going to win the Superbowl this year," again. You were always a wealth of knowledge and experience for plant components and you saved the plant over and over again. You are the real Captain Morgan. Every time I order at a restaurant, I will be sure to order off the menu, just for you. I will see you again soon. Go Blue!*
