“ *Michael, you left way too soon. You were just beginning to get things together. I love you Baby Boy, fly like this beautiful butterfly 🦋 Fly high! You will be missed so much. You were one of a kind! You were you! You didn't know a stranger, you could be in a room full of people and know all of them before you left. You were so special, I know that you suffered with a lot of pain with the disease you had, Hidradenitis Suppurativa . You are pain free now. Your suffering is over. RIP Michael ❤️🙏*
