“ Chandler:  
" Last week, when I was talking with my sister in Hartsville, she informed me of Mike's unexpected passing. My twin brother and I have many fond memories of Mike's friendship in junior and high school. Mike and I were lab partners in Mrs. Hager's Advance Biology class @ HHS. Last Sunday, I asked my minister to say a special prayer for you and Mike at my church in Lincolnton, North Carolina.

“ Mike will be missed at BCBSSC. He was a great break bud and always knew the answer for our group's obscure questions and if he didn't know the answer, the iPhone was quickly drawn. I pray friends and family will find comfort during these difficult times.

“ We were shocked and saddened at the news of Mikes' passing. He was a lunch/break buddy for years. The group has missed him ... and his smartphone ... and will continue to do so for years. He and Jack Quillen are probably watching over us daily.

“ I was very sad to hear of Mike's passing. I worked with him for many years at USC's Computer Services. He was very smart, and I knew he would have the answer for any system problem. I especially enjoyed Mike's wry sense of humor. Prayers for comfort and peace for Mike's family.
