“ *I didn't see Phil very often but I'm going to miss knowing that he is around. I knew him in the Mechanical Engineering Department at Sonoco. He had a lot of interests. More than I knew. I had met members of his family at one time. They looked like a fine family. His wife was quiet and very nice. God bless Phil Hart and his family too.*

“ So sorry to hear of Phil's passing. Phil was a key member of our team from First Presbyterian Church that built a water system installation in the Dominican Republic in 2015. I had the fortune of getting to know Phil while driving together to Mississippi for water system training (his AAA Triptik map kept the rest of us from getting lost on the way there!) and on two trips to the remotest corner of the DR. Building and flying airplanes, racing sailing boats - he was indeed a very adventurous man.

I was fortunate to work with Phil in one way or another for his entire career at Sonoco. He was one of the most competent, liked and respected people I knew. His wife and family have my sympathy and prayers and at this trying time.

Dear Hart Family, Goode and I are so sorry to hear of Phil's death. We loved Phil and Julia and shared so many happy times with them---lake time, trip to the Outer Banks, Wednesday night pizza, just to name a few. We send our sincere sympathy to you during this difficult time.
