“Late finding this listing. Bobby was the oldest of the family of 9 siblings. Since I was the first girl after 5 boys he was my surrogate everything when I was a toddler. He had a beautiful voice and would sing all the time around home til he went into the Air Force and came out with a busted eardrum. He loved his Oldsmobiles back then and flying with his best friend. Bolton plant called his name, then he met Joan and it was love at first site and Georgia kept him even though he always wanted to come home. He made many weekend visits for family reunions, early school reunions, and even to see Mr Coker if he felt something wasn't right. He strived to be a good parent coaching little league and then working tirelessly with the Shriner's. He was "Moon" at work, and nicknamed "Junk Man" by the family, but he certainly knew what would be a good investment. I remember him bringing big old coils of electrical wire home that had been discarded at a place close to the plant. He taught us how to strip the copper out of them, so he could sell it! This was about 1964 long before people started stealing it to sell. Trips to the beach in the "bug" with the pop up topper and of course to the mountains. Bobby I will always remember you singing to me even though for the longest time I kept telling you my hair wasn't Sioux City Red. Keep the count for us for when we can all get together. Susan

“ Joan and family please know you are in my thoughts and prayers. Bobby was very special to all of us. He will be missed. COVID took many things from us and one was his constant effort to be at our Family Reunions. He was a peace maker and loved helping children through the Shriner's. My heart is heavy through our loss and so sorry that Charles and I cannot make the trip to see all of you. Give yourselves a big hug from us.

“ Aunt Joan, David, Dale, Renee and Diane. It ripped my heart out when I heard of uncle Bobby's passing. But I know that he is in Heaven and is with Shelia as she met him at the gates along with the rest of the family. I know that he fought many years to live longer than Doctors wanted him to but God needed him now. I'm sorry I can't be there but hopefully I can get down this summer. I LOVE EACH AND EVERY ONE OF YOU

*Uncle Bobby was one of the greatest uncles ever. He loved with all of his heart and soul. No matter what was going on around in the world he could find a piece of joy in it. Going to Georgia to see him and my family was one of the highlights of my childhood. He love his VW's I remember seeing so many Bugs in his back yard it was like a who's who of VW's. My first car.... a VW.*
