“ Mrs Sheila was one of the kindest caring loving people I ever met. She was so sweet. We used to talk a lot. She also taught me how to crochet. She was very patient. She meant a lot to me and my son. She did several special things for myself and my son. She made me a beautiful barbie that I will cherish for ever she did a crochet scarph for my son in colors he liked and crochet his name for him also in colors he loved she even put some. Money in an envelope with his name on it so I could take it in with the mail so he could say he got mail. She was an amazing woman that will be greatly missed
