“ *"Lenny, Elaine and family, --I am so sorry for your loss of such a precious young lady! I admired Dawn's courage and never ending endurance for life. She always had a positive outlook on things that may not have appeared that way, and she always lived her life to the fullest of her capacity and enjoyed the presence of others being in it. I think that many who had the honor of just knowing her can keep with them her strength and compassion for just making people happy and keeping her head up when times were tough and so her memory can live forever. God just added another angel to his multitude that will watch over us all."*

“ Aunt Dawn,

Honestly I don't know where to begin. I guess I can start by saying I simply miss you. I never really called you aunt Dawn because we were so much closer than that. I consider you my sister. We were tight like peanut butter and jelly. You were the absolute best. You always not only had a smile on your face but you simply kept a smile on everyones face who was in your presence. Your attitude about life was phenomenal. I never understood how you did it. But even being in the position you were in, you always had the greatest attitude about life. It takes a strong woman to live that way and that is exactly what you were. You were the strongest, most caring, most loving individual I have ever met. I will never forget all the wheelchair races, the scooter riding, the game playing memories. I will never forget how you would ride me around on the back of your wheelchair because I was just simply being lazy. You cared about your niece and nephew so much. I know Cam misses you just as much as I do and things wont be the same without you. I know the pain that is in my heart will ease with time but for now I will lie awake thinking of you. You will always be on my mind and in my heart, I have to see the good that comes out of this sadness. You are in Heaven now. You are with the Lord whom you adore and love so much. You can see one hundred percent. You breath perfect. And most of you can WALK!!! You best believe the first thing we are doing when I see you again is racing. You will probably out run me with that new legs but I will give you a run for you money. Anyways, take care of everyone in Heaven and watch over us here Dawnie Bones. I love you more than you know and I miss you tremendously. Fly high my sweet angel!

*Love your niece/sister,
CayCay (bug)*
