“ *My Sister Theolia Pettigrew, the one I love so dearly. My sister were a very loving person to everyone no matter what color she still love you and would do any thing she could for you. There is an emptiness in our hearts today but we realize that is because we love you and you will be greatly miss. You touch our lives in such a great way, but we have been blessed in so many ways because "God gave us you. Theolia if it had been up to us we would have never let you go. but we do understand the heavenly decision what was made was for the best. Medical Science had decided that they had gone as far as they could go. But what the Doctor cannot do it is just right for God. So the Specialist was called in Dr. Jesus the eternal healer, who gave the order for departure to heaven. The Heavenly Orderlies was call in Moses, Jermiah and Daniel they place our sister on a bed with love and carried her to the waiting transportation. The attendant was none other than the Holy ghost who gave the order to rush this saint express nonstop to heaven. When she arrived in glory there was a reception already assembled there was Isaiah, Elijah, peter, John, and paul just to name a few she had read about. She look to the side so many familiar faces, family members, friends and other that had went on to be with the lord. Then there appears a face that sister had never seen, yet his identity is not a secret he wave to my sister to enter into the joy of heaven and commend her on a job well done. as the rejoicing breaks out in heaven, she slips away from our view as she blends in with the rest of the saints. We wish today that we could have caught just a glimpse of what she saw. But we will wait until God say so. "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God a house not make with hands. Eternal in the havens we are confident, I say willing, rather to be absent from the body and to be present with the lord. (II Corinthians 5 verse 1-8)"*
