“ *I'm 17 now, I still miss you everyday. It's harder and harder to think about you being gone, but it's not as hard as the day you passed. Grief may feel absent, but it is always there. I carry deep grief in my heart at the fact that you are not with us anymore. Your passing made me look at life at a different perspective, because you were the first loved one that was close to me that passed, live life, and do all things that make you happy. I miss you Pa, but I know you are watching me from above and I can't help but thank you.*

*With all the love in the world,
-Your youngest Grand-daughter*

“ *William i will always cherish and remember you as one of the most kind hearted people i have ever known in my life. My kids loved you and you treated them like they were family. I will always remember seeing you on my back door step talking and laughing. You hilding a cup of coffee in one hand and a cigarette in your other hand. Always smiling and watching all the kids run and play outside. Those are memories i will always hold dear in my heart. Your family loved you dearly and you loved them even more. My thoughts and prayers to the family.*
