“ *When I went to work at Sonoco in 1969 Toby was one of the first people I met. I was immediately impressed with his honesty and humility. in 1970 I ended up in the same department with him and we worked together for the next two years. In a time when the term meant something, Toby taught me the true meaning of customer service.*

I continued to work near or around him as long as he was at Sonoco, and I never met a more honest, decent human being in my life. He was a true gentleman and I admired him so much.

I am a better man for having known him.
